TRAPPED!

It all began as an ordinary day in September. An ordinary day in Raccoon City, a city controlled by Umbrella Corporation.

No one dared to oppose Umbrella, and that lack of strength would ultimately lead to the city's destruction.

If only they had the courage to fight ...

Once the wheels of justice begin to turn, nothing can stop them – nothing! But it may already be too late.

Now it's Raccoon City's last chance and my last chance ...

My last escape ...

PROLOGUE

A month and a half have passed since the incident ...

September has come to Raccoon City, a small industrial city in the American Midwest. People are starting to forget the chaos at the mansion as their everyday lives return to normal.

The bizarre incident that occurred in the Arclay Mountains, the destruction of the special taskforce S.I.A.R.S., Umbrella corporation's secret biological weapons laboratory hidden in an old mansion, the power of T-Virus that turns humans and animals into horrible monsters ... how could it all happen here?

People could not believe the survivors' reports. Stories of their incredible experiences and of strange biological weapons and zombies were beyond the townfolks' imagination. The surviving S.I.A.R.S. team members headed to Europe even before the town heard the full details of what had happened.

They hoped it was all over. But then it happened again. Suddenly, a series of inexplicable murders occurred and a strange disease began invading neighbourhoods.

T-Virus was flowing into the city ...

The invisible plague snuck up silently and turned the unsuspecting citizens into monsters.

People cursed their foolishness. But the nightmare had already begun ...

The future was out of their control.

Raccoon City was on the brink of collapse ...
